

MAC Slay Residual®

MAC Slay Residual Insecticide® is produced by Arandee Limited, a MacGregor Greer company. It is formulated with the backing of 50 years of expertise in border biosecurity and public health. The MAC Slay product line provides a full range of border biosecurity and professional pest control products which are widely used by professional pest controllers, businesses and government.

MAC Slay Residual Insecticide® is a safe and fully compliant industrial strength pest control solution. It offers the highest degree of immediate and long-term protection against unwanted pests that can damage valuable inventory and cause serious public health and biosecurity risk.

Formulated with a high degree of ethically sourced active constituents MAC Slay Residual Insecticide® has a dual action effect – quick knockdown and residual protection. Achieving a high kill-rate and long lasting protection. It is recognised as a leading solution in the pest control industry.

Packed in hermetically sealed large capacity aerosols the product retains its integrity and is safe and convenient to use. The delivery mechanism ensures optimal efficiency and minimal user contact. Available in three formats: Surface Spray, Crack & Crevice and Fogger for total release/fumigation.

CERTIFICATIONS	<ul style="list-style-type: none"> – Ministry of Primary Industries approved Type A/B (all animal products including dairy) – AsureQuality approved – Environmental Protection Authority of New Zealand – ISO9001:2015 – Packaging approved by Civil Aviation Authority New Zealand
APPLICATION	<ul style="list-style-type: none"> – Treatment of unwanted flying and crawling pest insects
DISCHARGE RATE	<ul style="list-style-type: none"> – 1g/s ±0.02g/s
MODALITY/ACTIVE	<ul style="list-style-type: none"> – Active constituents: d-phenothrin 20g/kg and permethrin 20g/kg – Instant knockdown, residual effect
COUNTRY OF ORIGIN	<ul style="list-style-type: none"> – Active Ingredient source: Global – Manufactured: New Zealand
FEATURES	<ul style="list-style-type: none"> – Fast drying invisible barrier, lays down as we surface spray and mists to penetrate hard-to-reach areas – Contact insecticide – Non-staining

**TECHNICAL DATA SHEET****READY-TO-USE INSECTICIDE
MAC SLAY RESIDUAL**

- Ready-to-use aerosol
- Fragrance-free, low odour
- Remains active for up to 120 days (dependent on light exposure and physical abrasion)

TRACEABILITY

- Batch number tracked. GS1 registered

APPLICATION

	Crack & Crevice	Surface	Fumigator
Touch Dry	2 minutes	7 minutes	Close 30 minutes
Stand down	None	10 minutes	Air 30 minutes

PROPERTIES

Colour	Colourless
Odour	Characteristic, slightly ethereal

SAFETY

- 18-bar high-pressure hermetically sealed can
- Comply with issued safety data sheet
- 48-month shelf life from DOM
- For professional use only
- Rapid breakdown in the environment

**STORAGE &
HANDLING**

- Refer to safety data sheet
- DO NOT use as a space spray
- Protect from direct sunlight
- DO NOT expose to temperatures exceeding 50°C
- Keep out of reach of children
- Contents under pressure
- Keep away from heat, hot surfaces, sparks, open flames, and other sources of ignition
